Dear Mr. Murphy:

This letter is to inform you that as of December 1, 1999, the Commission has not received your response to our request for additional information, dated November 10, 1999. This notice requests information essential to full public disclosure of your federal election campaign finances. To ensure compliance with the provisions of the Federal Election Campaign Act (the Act), please respond to this request (copy enclosed).

If no response is received within fifteen (15) days from the date of this notice, the Commission may choose to initiate audit or legal enforcement action.

If you should have any questions regarding this matter, please contact Gelind Grable on our toll-free number (800) 424-9530 or our local number (202) 694-1130.

Sincerely,

A handwritten signature in black ink, appearing to read "John D. Gibson", is written over the typed name.

Dear Mr. Murphy:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-Schedule H3 of your report discloses transfers received from your non-federal account which occur outside the permissible transfer period. Please be advised that transfers for shared activity must be made within a 70-day time period; no more than 10 days before or 60 days after the payment to the vendor. 11 CFR §§106.5(g)(2) and 106.6(e)(2) Please clarify the nature of these transfers-in from the non-federal account.

The Commission recommends that you immediately transfer the total excessive amount received by your federal account outside the 70-day time period back to your non-federal account. Although the Commission may take further legal action concerning this prohibited activity, your prompt action will be taken into consideration.

-On Schedule H1 of your report, you have counted too many points for Local Candidates (Line 9) when calculating your committee's Ballot Composition ratio. Please be advised that state party committees are permitted to take only 1 point for Line 9, while local party committees may take 2 points. Please amend your report to include a corrected Schedule H1 and note that a change in this ratio may make it necessary to repay your non-federal account for any overpayments they may have made. While the Commission may take further legal action concerning any impermissible overpayments by the non-federal account, your prompt action will be taken into consideration. 11 CFR §106.5(d)(1)(ii)

-Schedule D of your report has failed to include certain information. Commission Regulations require the full name and mailing address of each creditor, the outstanding balance at the beginning and end of the reporting period, the amount incurred during the period, the payment made during the period, and the nature or purpose of each debt. Additionally, all debts must be reported continuously until extinguished or settled. Please amend your report by providing the outstanding balance at close of this period. 11 CFR §104.11

-Your report disclosed a category of financial activity that has been reflected on the wrong line of the Detailed Summary Page. In-kind Contributions to federal Candidates should be properly disclosed on a separate Schedule B, supporting Line 23 of the Detailed Summary Page. Please refer to the instructions contained on the forms to determine the proper categorization when preparing your next filing.

A written response or an amendment to your original report(s) correcting the above problem(s) should be filed with the Federal Election Commission within fifteen (15) days of the date of this letter. If you need assistance, please feel free to contact me on our toll-free number, (800) 424-9530. My local number is (202) 694-1130.

Sincerely,

The first part of the paper discusses the importance of the research and the objectives of the study. It highlights the need for a comprehensive understanding of the subject matter and the role of the researcher in this process. The second part of the paper presents the methodology used in the study, including the data collection methods and the analysis techniques. The third part of the paper discusses the results of the study and the conclusions drawn from the findings. The final part of the paper provides a summary of the key points and offers suggestions for future research.

The research was conducted in a systematic and rigorous manner, following the principles of scientific inquiry. The data was collected from a representative sample of the population, and the analysis was performed using advanced statistical techniques. The results of the study indicate that there is a significant relationship between the variables under investigation, and this finding has important implications for the field of study. The conclusions drawn from the study are based on the evidence presented, and they provide a clear and concise summary of the findings. The paper also includes a detailed discussion of the limitations of the study and the potential for future research to build on the current findings.

The study was designed to explore the relationship between the variables, and the results of the analysis confirm the hypothesis. The data shows a strong positive correlation between the two variables, which is statistically significant. This finding is consistent with the previous research in the field, and it provides further evidence for the theory. The study also identified some interesting patterns in the data, which may be worth exploring in more detail in future research. The conclusions of the study are based on the evidence presented, and they provide a clear and concise summary of the findings. The paper also includes a detailed discussion of the limitations of the study and the potential for future research to build on the current findings.
